Board's Reference No. I.155/39-2 dated 31-3-1939.

Letter from Sri. Diwan Bahadur M.V. Vellodi B.A.,
Collector of South Kanara, No. Ref. C.A5-6751/38 dated 5-7-39

REFERENCE.

In their Order No. 16 Revenue dated 5-1-1909 the Government sanctioned the registry of an allowance of Rs.6/- per annum for the maintenance of a water pandal at Idurkunhadi village, Coondapur taluk, South Kanara district in the name of one Nagappa Adiga. The allowance which was being paid under P.P.O. No. 703 was last drawn by the holder on 16-2-1934 and he died on 6-1-1937. The service for which the allowance was granted ceased to be performed

from fasli 1343 and the son and heir of the last holder has expressed his inability to maintain the service and has no objection to the cancellation of the grant. The Collector recommended the resumption of the allowance, as a well has been sunk at the place and the need for a water pandal was not obvious. He was, however, requested to report whether there was any other suitable object to which the allowance could be assigned in accordance with the doctrine of cypres. He has reported that one Subbanna Shetty, potail of Idurkunhadi village is willing to erect a chattram (which will be open to all classes of people irrespective of caste or creed) close to the public well and provide pots etc. to take out water from the well and has suggested that the allowance in question may be assigned for this purpose in accordance with the doctrine of cypres.

2. The Board submits that the allowance being intended for the maintenance of a water pandal. it cannot be utilised for a chatram and that a public well having been sunk at the place there is no need for a water pandal. It therefore requests that the allowance may be resumed agreeably to the Collector's original recommendation and credited to General Revenues.
